EDUCATIONAL PSYCHOLOGY

Consultations

What Are Consultations?

Educational psychology consultations are 45 minute sessions that can be used for collaborative problem solving and support for:

• An individual child/young person: concerns around progress in learning, social interactions, emotional presentation or Special Educational Needs.

• A group/class: concerns about group dynamics, planning for differing needs, or exploring interventions.

• An aspect of your role: space for SENCo, senior leader or mental health lead to reflect and explore next steps.

• An area of need in the school: strategic planning around e.g., literacy provision, well-being, inclusion.

Google Booking Form

1. Follow Google Booking Form link above and choose a date/time. Submit.
2. DSPL2 will confirm with an email and consultation questionnaire.
3. Send the consultation questionnaire to EP at least 2 weeks before the date of the consultation (using password protected document). *If you are unable to return the questionnaire two weeks prior to the meeting your appointment may be allocated to another school.*
4. Katy will send a Zoom link for the session date/time.
5. Save the link and share it with anyone who is due to attend the consultation.
6. Join via Zoom at the time/date booked.
